

MEMBER SPOTLIGHT

Meet Nancy Trimbur

Member Spotlight

Each month, we are shining a spotlight on one of our members so we can all get to know each other a little better. This month, our spotlight shines on Nancy Trimbur.

Nancy Trimbur has been a member of SISC since 1986. In these 30+ years, Nancy has been on just about every committee at least once. She has chaired both Cabin Fever and Secret Garden Committees. On the Board, she has been the Treasurer multiple times, and finally agreed to serve as President in 2013-14.

Nancy worked for Stewarts Shops for 46 years before retiring in December of 2016. Nancy retired as Senior Vice President in charge of real estate, construction, maintenance, gasoline, and technology. In all of those years, Nancy looked forward to going to work every day. In fact, she was not looking forward to retirement! Now, however, Nancy takes full advantage of her retirement and loves her free time. While she still dabbles a bit in consulting for Stewarts, she would rather be riding her road bike!

Nancy has two children, Sara and David, and three grandchildren, Madeline, Priscilla, and Reese. Her family often spends time with her in all three of her homes: Saratoga, Falmouth Massachusetts, and Fort Myers Florida. Nancy's homes take up a lot of her time, both in occupying and managing them. She has generously donated her Florida home as a silent auction item for Cabin Fever numerous times. She has rented out her Saratoga home for track season the past two years. And she gets away to the Cape house as frequently as she can. Always with her in her travels is Charlie, her Cavalier King Charles, "the love of my life"!

Shown here: Nancy's son David and grandson Reese.

Nancy has served on numerous other Boards in Saratoga. She was on the Wellspring Board when our Maggie was selected as Executive Director. She has also been on the Boards of the YMCA, Saratoga Hospital, and Camp Chingachgook. She is currently on her own Homeowners Association board. Nancy has been selected as a Saratoga Woman of Influence by Saratoga Today, as well as a Woman Who Means Business by the Albany Business Journal.

Nancy grew up in Garden City, Long Island. She has been a Saratoga resident since 1965, when she entered Skidmore. She loved it so much, she never left! Nancy loves all that Saratoga offers. She especially loves SPAC and the ballet. Nancy entertains in her home frequently, and loves going to Boca Bistro.

Shown here with daughter Sara

While we in SISC may not see it, Nancy is naturally shy. Something else we might not have known is that when Nancy chose Skidmore, it was to enter their fabulous nursing program. She had dreamed of being a nurse since kindergarten when she saw the Golden Book “Nurse Nancy”. They even had real band-aides at the back of the book! Nancy lasted two weeks in the nursing program, and then switched to business, as it was the only other major that did not require a foreign language. Nancy says, “It was certainly not a very well thought career plan, but many things happen for a reason. I would have made a lousy nurse, but I made a great business woman!”

We also think she makes a great Soroptimist and are lucky to have her in our club!
